

**JUST
LAUNCHED!**

STRIKER **SLIM**

THE LATEST ADDITION TO THE
ORIGINAL
STRIKER LINE!

The Industry's Premier Square-to-Round Former.

The **STRIKER Slim** is engineered to maximize productivity without sacrificing valuable shop space. Its compact, ergonomic design enables operators to produce precise offset and centerline square-to-round fittings in half the time, helping increase throughput, improve efficiency, and reduce labor costs.

STRIKER **SLIM**

100mm cylinder

Slim die 24" in length

6mm airlines

Capacity up to 20 gauge

BIG PERFORMANCE. SMALL SHOP FOOTPRINT.

Designed with smaller fabrication shops in mind, the **STRIKER Slim** delivers professional performance in a compact package—an ideal solution for HVAC contractors, sheet metal fabricators, and custom metal shops.
